

## YOU'RE INVITED

Symposium of Skin  
Science & Industry Innovation

HOSTED BY 3D AESTHETICS

Royal College of  
General Practitioners

May 30, 2025

**A Deep Dive into Clinical Excellence, Advanced Technology,  
and Future-Forward Protocols in Non-Surgical Aesthetics.**

Join leading experts, innovators, and clinic owners for a high-impact day

of education, exploring the latest advancements in skin science, device-

led treatments, and evidence-based protocols that are shaping the future

of non-surgical aesthetics.

Anticipate transformative sessions covering everything from the detailed

dynamics of facial anatomy and the latest advancements in treating

menopause, to breakthrough regenerative medicine, evolving aesthetic

regulations, and how software-driven strategies can elevate both patient

experience and clinic growth.

With a dynamic, jam-packed agenda and expert-led discussions, this is

an unmissable event for forward-thinking professionals ready to elevate

their practice.
